Re: Amended Year-End Report (10/01/2009 12/31/2009)  
Amended April Quarterly Report (01/01/2010 03/31/2010)  
Amended July Quarterly Report (04/01/2010 06/30/2010)  
Amended 12 Day Pre-Primary Report (07/01/2010 08/04/2010)  
Amended October Quarterly Report (08/05/2010 09/30/2010)

Dear Mr. Kaye;

This letter is in response to your correspondence dated April 25, 2011 and May 19, 2011. Through the 2010 election cycle, this Committee received numerous credit card contributions. The majority of these contributions did not aggregate to the \$200.00 threshold requiring the Committee to report them on the above referenced reports. The un-itemized amounts that you referenced in your correspondence to this committee are correct.

This Committee amended several reports on November 11, 2010 to reflect the accurate contributions of its contributors and is confident in the research done to insure proper procedures of merging duplicate datasets. As a result of this action, the Committee amended the above referenced reports to properly report the itemized and un-itemized amounts.

In response to your question regarding earmarked contributions; please refer to previously filed reports where the contributions are accurately reported for earmark contributions. Due to a serious computer software malfunction, Complete Campaigns was required to correct the issue by labeling every individual earmark contribution made to the Committee on line 11 a with the correct individual contribution and aggregated amount. Complete Campaigns entered all transfers from the conduit on line 11 c with the aggregated cycle to date transfer amount.

Complete Campaigns is currently working on the compliance issue. Once properly corrected, the Committee will file amendments to correct the earmark format. Please know that all the contributors and contribution amounts were properly reported.

In reference to the Pre-General and Post General 2010 reports, you are going to find similar issues regarding the earmarks that are due to a software issue and these reports will also be amended accordingly. With regard to these reports, the un-itemized amounts of contributors have been reviewed and they are correct.

In regards to the 48 hour contribution made by Mr. Chris Mesford, the committee filed daily reports to accurately reflect all contributions required to be filed to the FEC. This particular contribution was made by credit card. The Committee receives daily uploads to capture all contributions and report activity accordingly. In error, this contribution was not filed within the 48 hour filing timeline. The Committee did report it in the October 2010 Quarterly report.
